SCHOOL REPORT.

In accordance with the requirements of the law that the school board shall make an annual report to the town and the town district, we respectfully submit the following:

The number of weeks in the school year has been twenty-five. Five weeks less in West Candia and three in the Hill school, both on account of sickness. In most of the schools the teachers have been efficient; pupils studious and obedient. At best a teachers' life is one of perplexity and care. How doubly perplexing to them is their labor when they receive no word of encouragement from those who should be co-laborers with them? No school can be a success without the co-operation of teachers and parents. It is hoped the fathers and mothers will consider it a duty to visit the school room often, thus giving encouragement to teachers, as well as having a beneficial effect upon the pupils. We have repeatedly urged the importance of punctual attendance, and although several had resolved to improve in this respect, they were unable to be placed upon the perfect roll of honor on account of sickness.

Quite extensive repairs have been made the past year. A double floor has been laid in the school house on High street, In the Island school house the ceiling has been newly sheathed. The East Candia thoroughly repaired and re-seated with the single Regal seat, manufactured in Cleveland, O. The Hill school house has also been furnished by the same manufacturing company, with the double Regal seat. These seats it is believed will not only add comfort but health to the scholars.

It is hoped the town in the near future will appropriate money sufficient to re-seat the remaining ones. Let us remember that pleasant surroundings, with good teachers and parental support are three essential things for a good school.

The subject of a new school house at Patten Hill so long talked of has been brought to a crisis by fire, making the erection of a new one necessary. This school was in such a prosperous condition that it was thought best to continue it in a dwelling house near by.

We consider it but just to say that our schools, on the whole, have made commendable progress. There is so much foolishness, as well as aptitude bound up in the heart of a child, and a teacher has such a variety of temperaments to deal with, that parents should not be too sensitive about the rights of their children, and forgetful of the rights of the teacher, both should constantly keep in their minds the words of St. James, "Be patient." We are glad to be able to say truthfully that for the most part the teachers have been fully sustained by the parents during the past year.

We cheerfully render our sincere thanks to all for their exceptional respect and kindness.

The following list of names of pupils who have been perfect in attendance for one or more terms, we find recorded in the several registers for honorable mention.

ROLL OF PERFECT ATTENDANCE.
